School:

FOOD — Activity

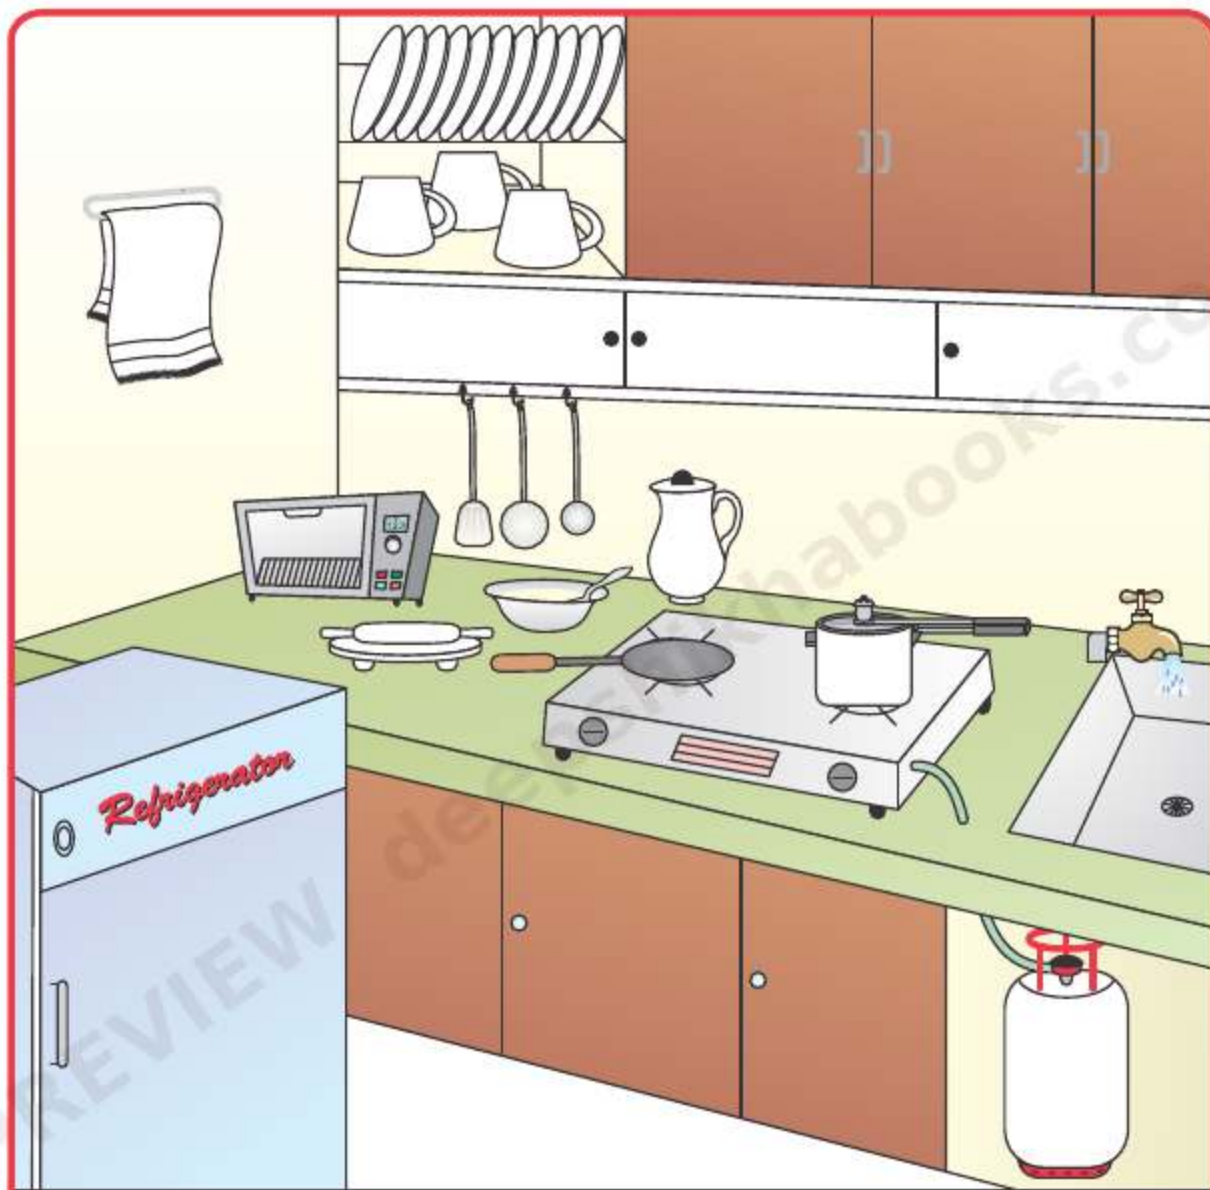

Put a ✓ on healthy food and ✗ on junk food.

Teacher's Note: Discuss with the children the value of healthy food and harmful effects of junk food.

MY HOUSE — Kitchen

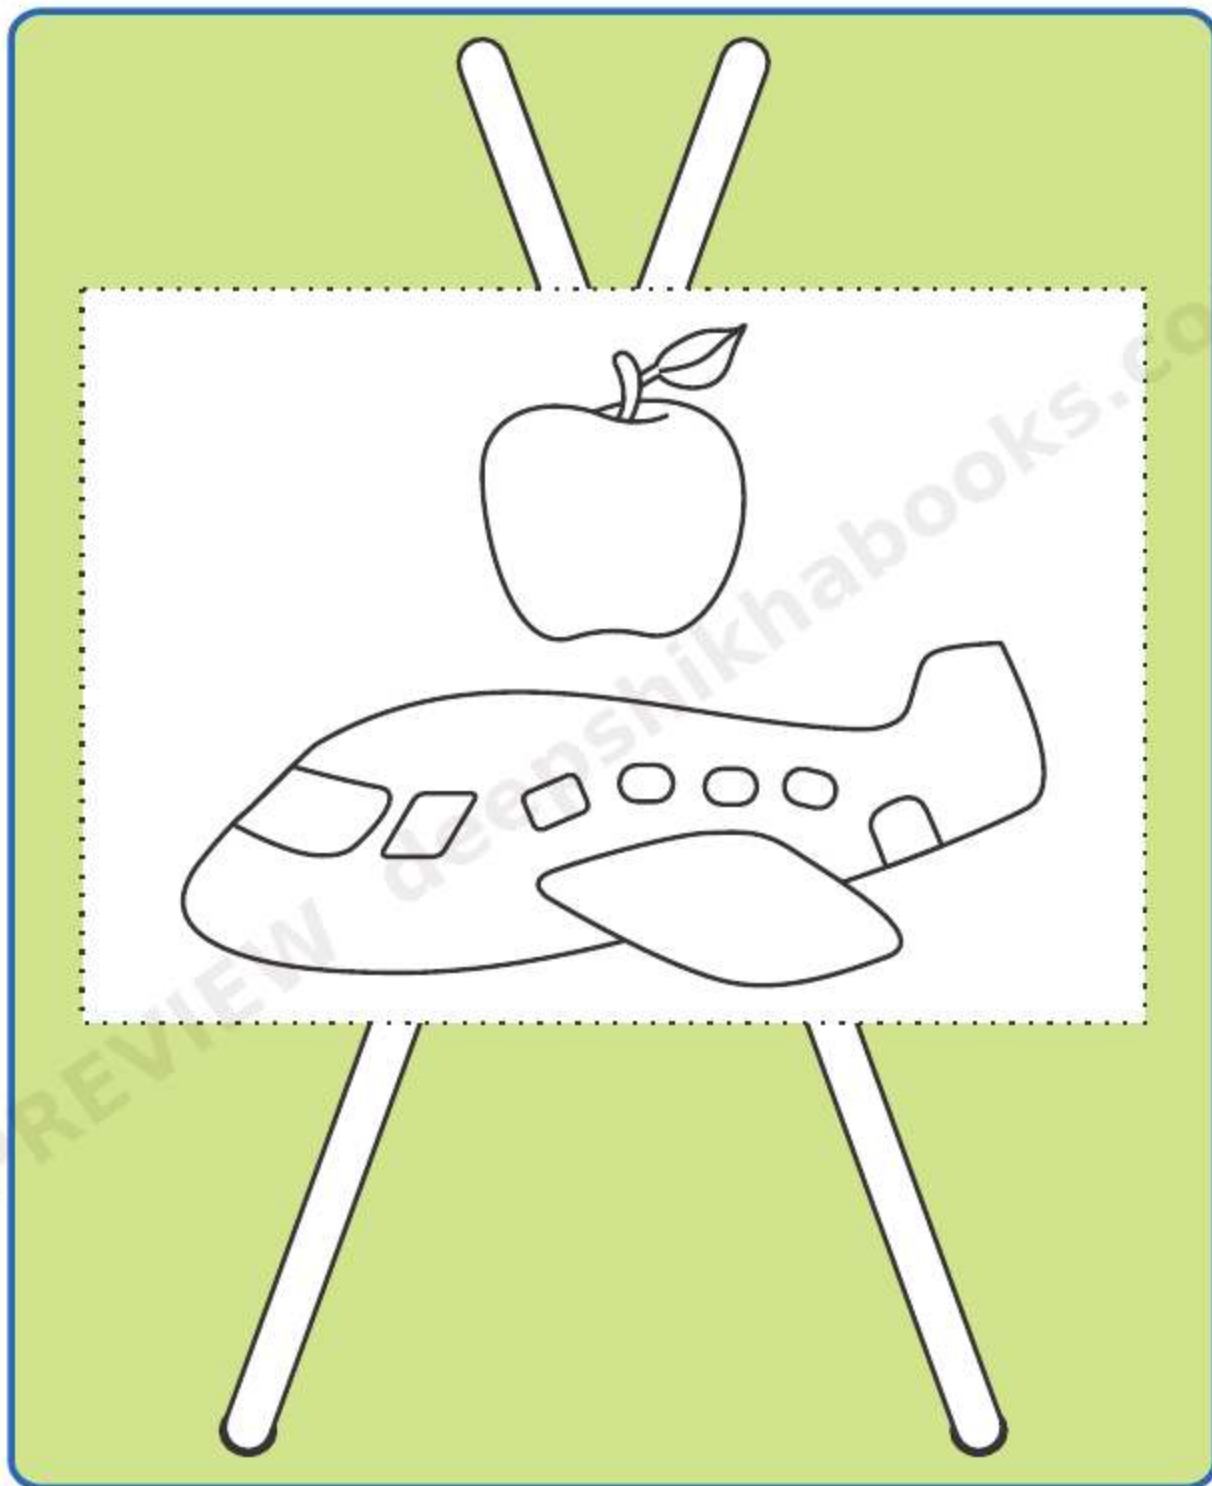

Colour the picture and paste the appropriate stickers in the space given below the picture.

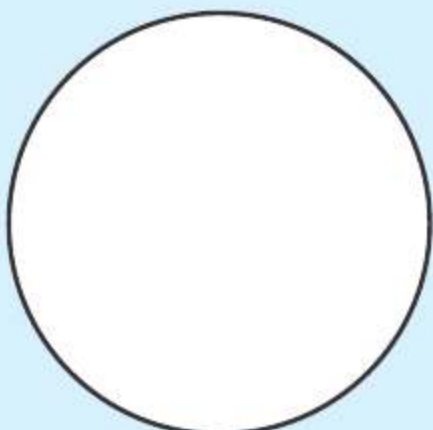

Teacher's Note: Teacher's to discuss the importance of kitchen; talk about precautions to be taken in the kitchen i.e. not to light the gas stove, Stay away from the kitchen when the Mother or the Maid is cooking so as to avoid accidents.

MY SCHOOL

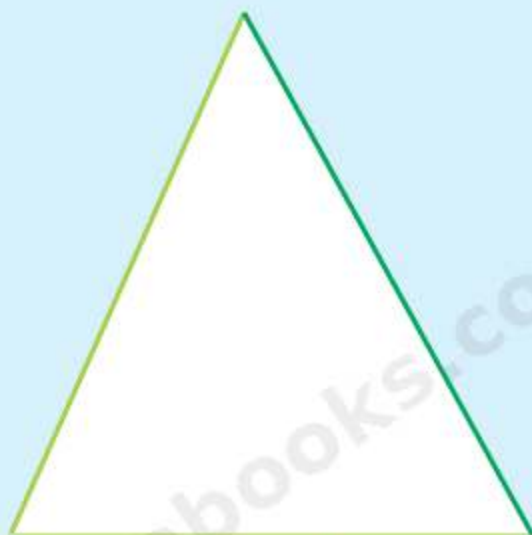

Join the dots and complete the blackboard. Colour the picture.

SHAPES — Colour the circle yellow; square blue; triangle green; rectangle red and oval pink.

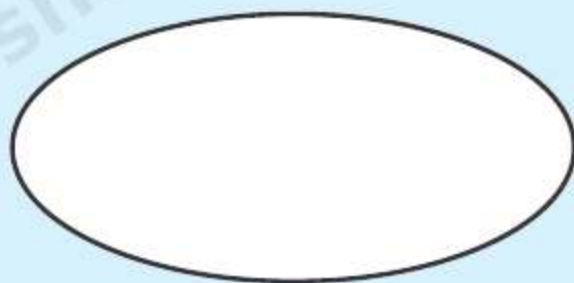

Circle

Triangle

Square

Oval

Rectangle

Teacher's Note: Teachers to tell children that — A circle has no sides. A square has all the sides equal. A triangle has three sides. A rectangle has four sides.

SEASONS — Summer

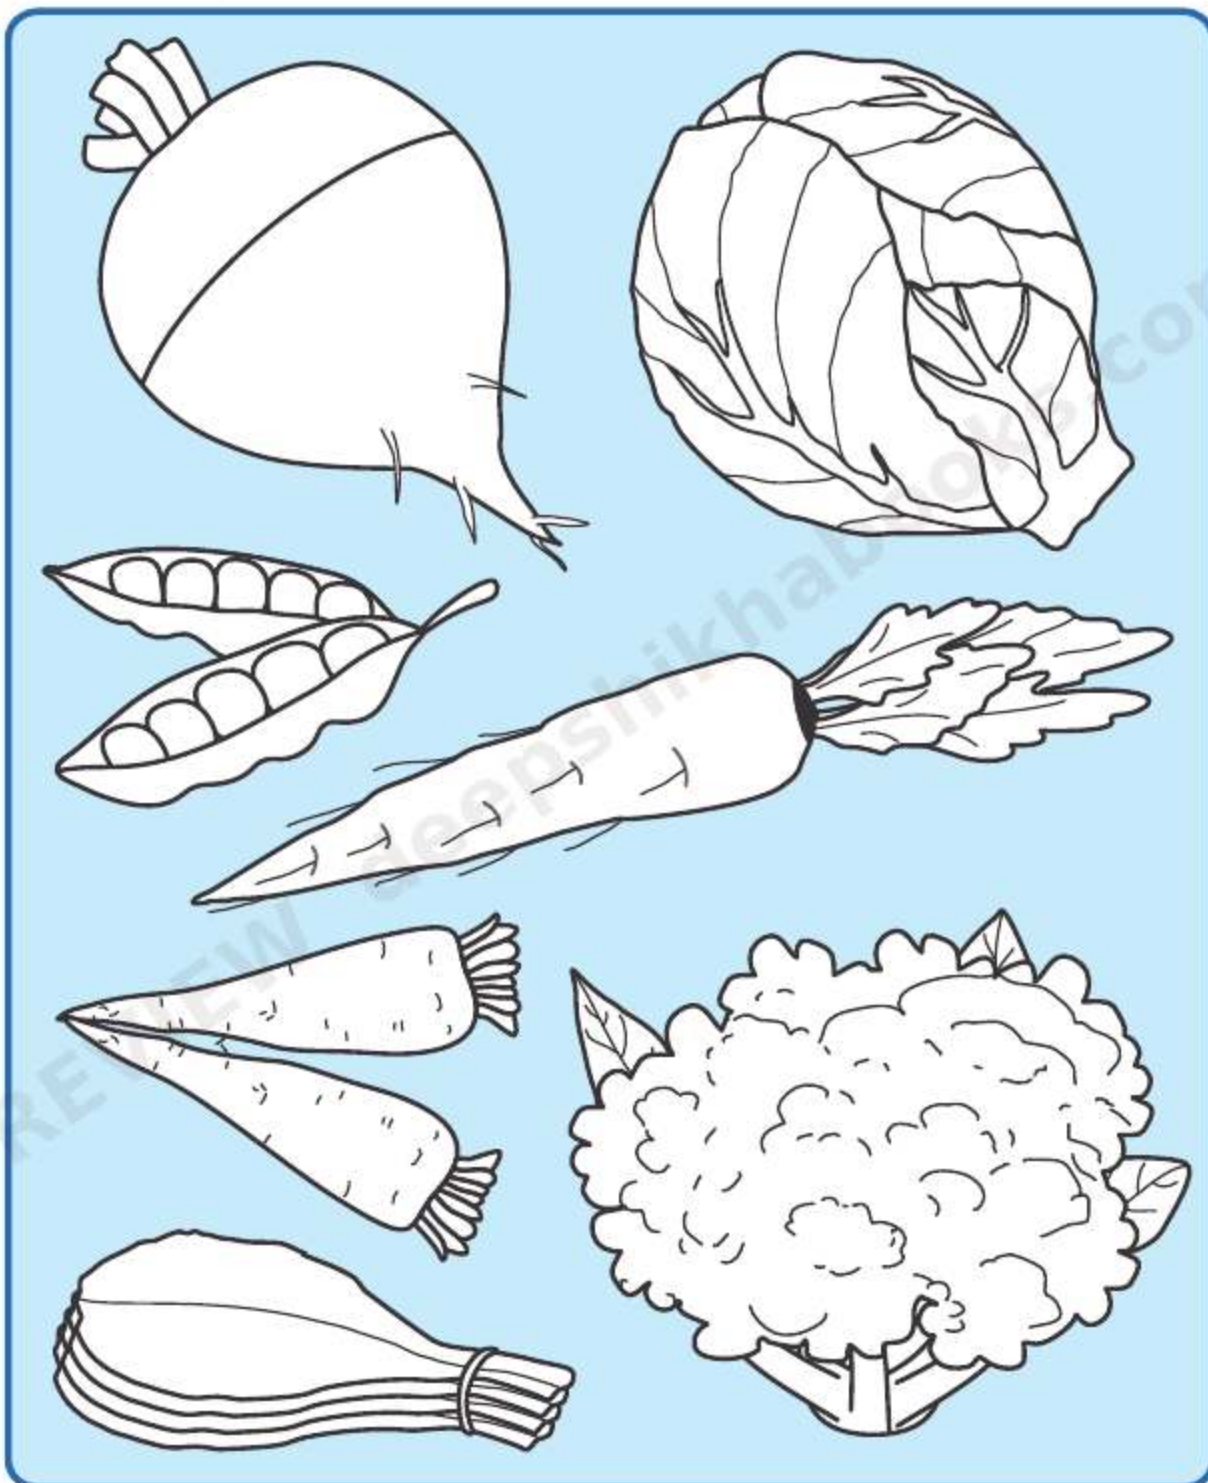

Colour the picture.

Teacher's Note: Teachers to discuss about the summer season by asking the children how they feel and what they like to eat during this season. Also discuss about various fruits and vegetables available during the season.

SEASONS — Winter Vegetables

Colour the vegetables.

Teacher's Note: Teachers to discuss about the winter vegetables and possibly show all the vegetables. To inform the children about winter vegetables which can be eaten raw. To also highlight the fact that such vegetables need to be washed before eating. Teachers could make the vegetable salad for the children.

FESTIVALS — Dussehra

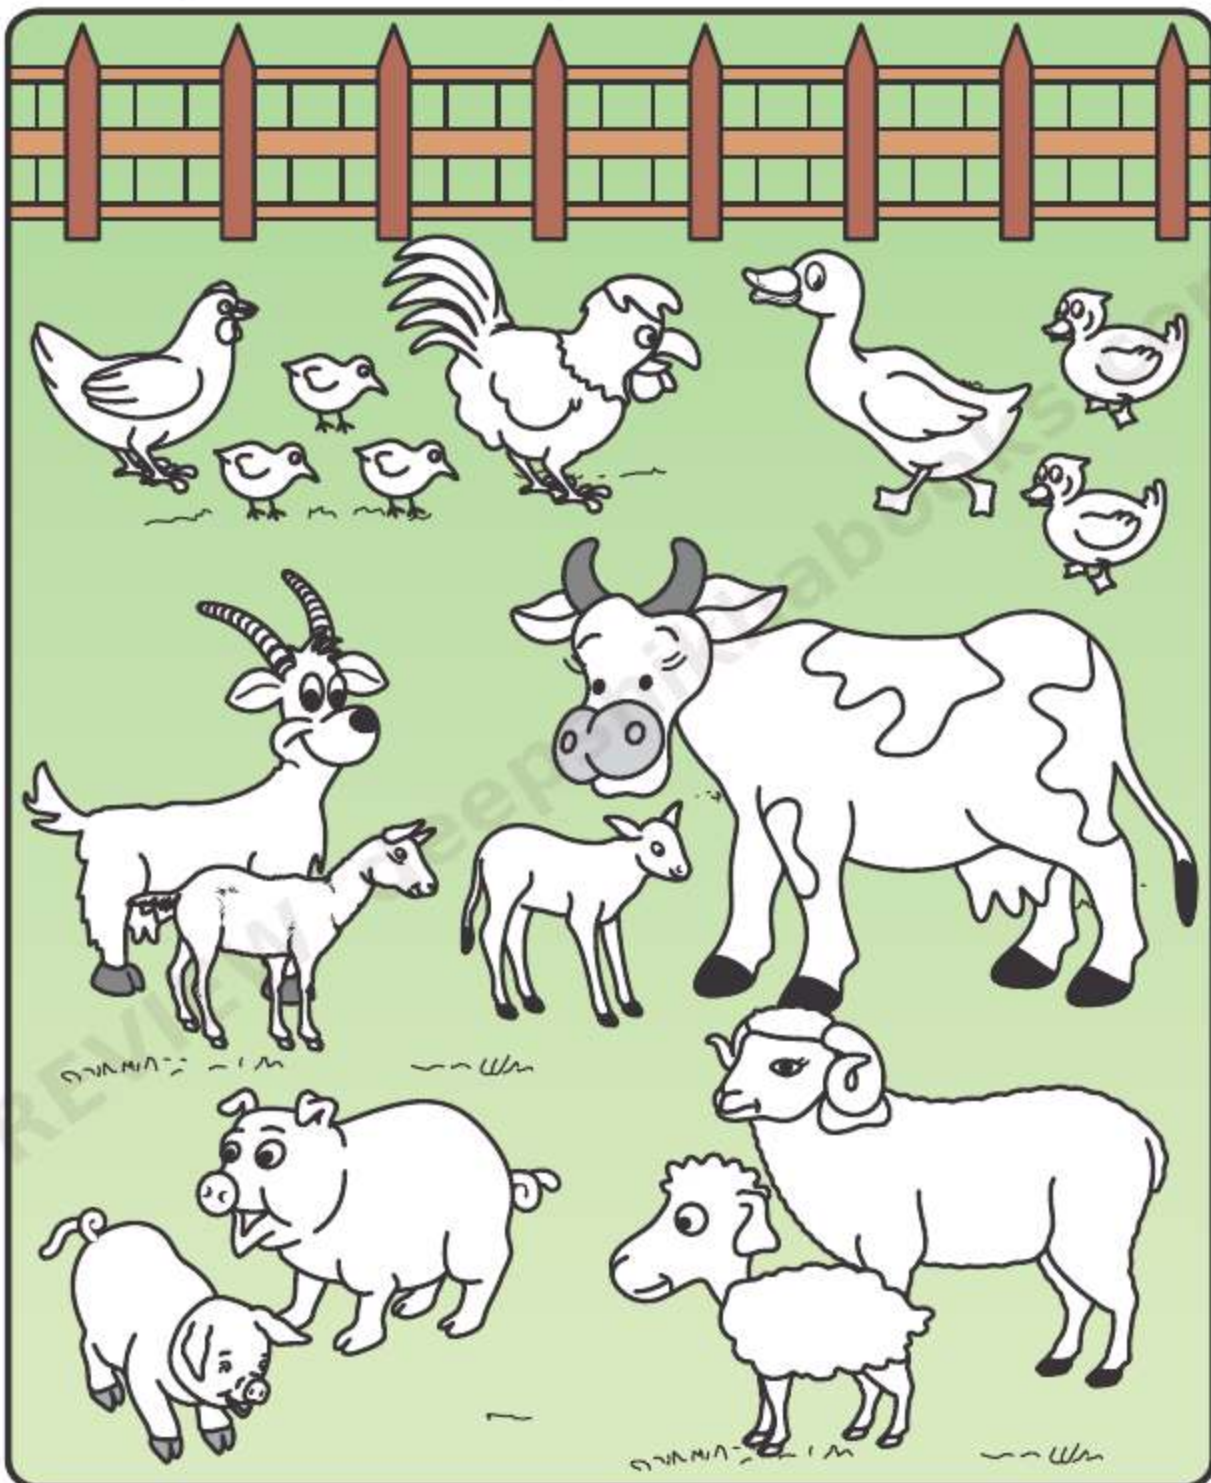

Colour the Ravan's dress blue.

Teacher's Note: Teachers to discuss about Dussehra festival and the reason for which the festival is called Vijay dashmi i.e. victory of good over evil.

ANIMALS — Domestic Animals

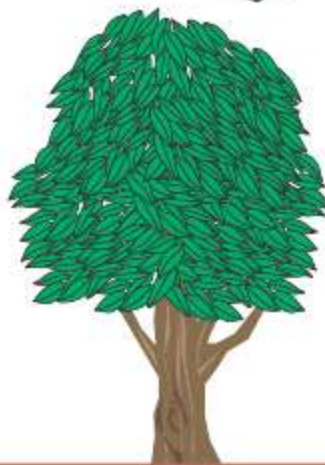

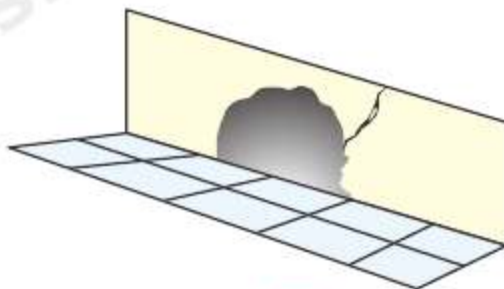

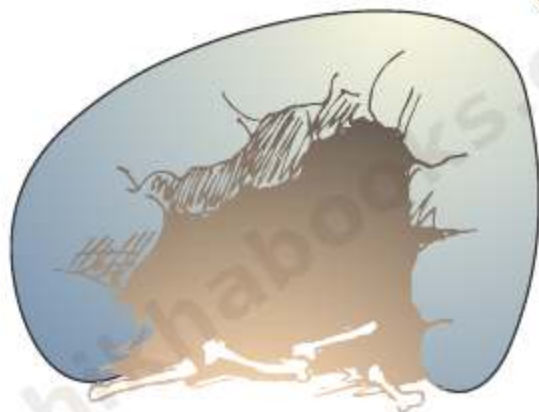

Colour the picture of farm animals given below.

Teacher's Note: Teachers to discuss the importance of the farm land and to ask where the farm animals live and what they provide us. Teachers to teach the children rhyme "Old Macdonald had a Farm".

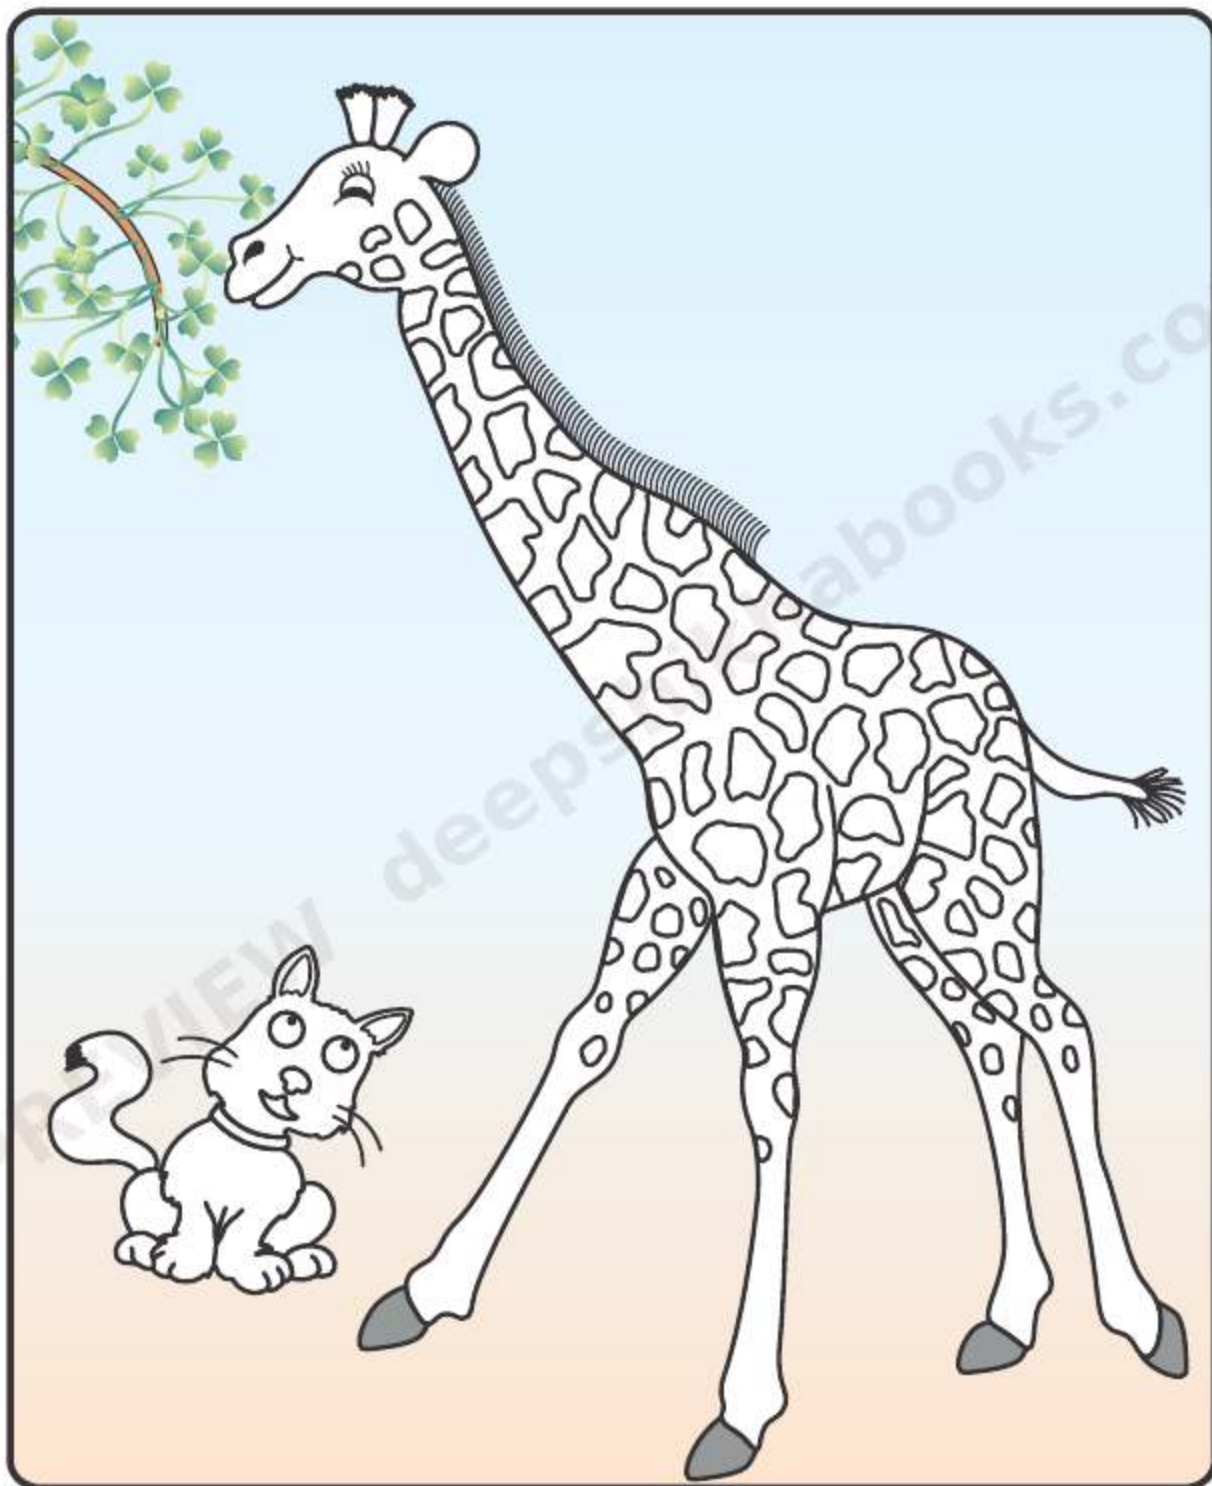

ANIMALS — Where do they live

Match the animal with the place they live in.

CONCEPT — Opposites Tall/Short

Colour the tall animal.

Teacher's Note: Teachers can make the children understand the concept of tall and short through various live examples one of them could be : make a child stand on a stool and another beside him which would mean the child standing on the chair is taller by a chair length than the other.

HELPERS

Match each helper with the objects it is associated with.

POSTMAN

DRIVER

MILKMAN

Teacher's Note: Teachers to discuss the above helpers' services and to also emphasise the fact that each helper is important to the society.

OBSERVATORY SKILLS ENHANCEMENT ACTIVITY

Colour the odd one flower in each pot. Colour the pot bright.
